

# CableMate Quick Start Guide

Start testing with CableMate in minutes

## I. Box contents

USB-C cable,  
straps, carabiners  
& flight case

CableMate

## 2. Setting up

Follow these steps to set up your CableMate and start testing in just a few minutes

- I. Download software  
[ccathletics.dk/downloads](http://ccathletics.dk/downloads)

- II. Connect the CableMate to the computer with cable to check for updates. Make sure it is turned on

- III. Disconnect cable and connect wirelessly

- IV. You are now ready to test with CableMate

- Press button to turn **ON**
- Hold button for 1 sec to turn **OFF**
- Charge the battery every 3 months to prolong battery health

 Note: If something is wrong try resetting by holding power button for 10 sec and release

## 3. Getting started videos

Scan the QR code to watch real-time walkthroughs of testing with ForceMate
